

PITH AND POINT.

A LAWYER is about the only man that ever made anything opposing a woman's will.

SOPHRONIA—"What is philosophy?" It is something that enables a rich man to say there is no disgrace in being poor.

"WOMEN are so contrary," said Blobbs; "I thought when I got married my wife would darn my socks and let me alone; instead of that she lets my socks alone and darns me."

THIS is the way to arrange that Hindoo paragraph: When a Hindoo swears he takes hold of the tail of a cow. In his country, when a man takes hold of the tail of a cow he swears.

"I THINK I've covered the whole ground," remarked a Chicago man in an argument. "No doubt of it," replied the St. Louisian; "but if you will lift up one foot it will give room for the other four of us to stand."

"I HEAR Mr. Griffin has the pneumonia," says Mrs. Budd, who was calling on Mrs. Potts. "Well, I don't believe it," retorted Mrs. Potts; "he's too mean. If he has any monia at all it's an old and second-hand one."

AMERICAN statesmanship: "Yes," said the country member, "I went to that variety show because I felt sure there'd be nobody there who knew me! Durned if pretty much the whole Legislature wasn't there!"—Chicago Inter-Ocean.

"What did you say the conductor's name was?" "Glass—Mr. Glass." "O, no!" "But it is." "Impossible—it can't be." "And why not, pray?" "Because, sir, glass is a non-conductor." [Deafening applause from the scientific passengers.]

"A LOFT to lett" is painted on a board suspended on the door of a Gold street store. "Why don't you spell those words properly?" a customer asked the proprietor. "Because if we did no one would turn to read them. That extra 't' catches the eye."

"I MET Mr. Miggles to-day," remarked Mrs. Chippick. "He's quite a changed man. I hardly knew him, he's so chipper and lively." "Indeed," responded her husband gravely. "How very strange! I read in the paper that his wife sailed for Europe last week."

"Yes, this must be the ladies' cabin," said a young lady to her friend as they halted at the door of the cabin of a Fulton ferryboat and peered inquisitively in. "Why do you think so?" doubtfully asked the other. "Oh, because there are so many men in it," was the answer.

MICHAEL's wife was leaning over the bank of the canal washing some clothes. A boatman on the towpath observing her said: "Mike, aren't you afraid Mrs. Mullaney will fall in and get drowned?" "Divil a bit," responded her husband, "she can swim loike a tailor's goose."

"I WISH," said a farmer's wife to her husband and six boys, "that some of you would shoot the yellor cat." So they all, when they happened to think of it, went and loaded the gun. Luckily it was the youngest boy that fired it; for he was very healthy and could stand being kicked through a fence.

The Telegraph.

The first telegraph line in operation was between Paddington and Drayton, in England, in 1835, thirteen miles in length. Professor Morse, on March 3, 1842, was voted an appropriation of \$30,000 by Congress, for the purpose of establishing an experimental line. The appropriation was made on the last night of the session. The line was erected between Washington and Baltimore, and the first message sent May 27, 1844. By the reports of October 18, 1881, the following will show the number of miles of telegraph in the United States at that time:

Company.	Miles of line.	Miles of wires.
Western Union.....	110,840	327,171
Mutual Union.....	1,800	50,000
Baltimore and Ohio Railroad	2,500	16,000
American Rapid Tel. Co.....	500	1,500
International, Ocean.....	502	574

The aggregate mileage of telegraph lines in the United States open for public business exceeds 120,000 miles, besides railway, Government, private, and telephonic lines, length not ascertainable.

Kendall's Spavin Cure.

The Most Successful Remedy ever discovered, as it is certain it effects and does not blister. READ PROOF BELOW.

From Rev. P. N. GRANGER.

Presiding Elder of the St. Albans District. ST. ALBANS, VT., Jan. 20, 1880. DR. B. J. KENDALL & Co., Gents:—In reply to your letter I will say that my experience with Kendall's Spavin Cure has been very satisfactory indeed. Three or four years ago I procured a bottle of your agent, and with it, cured a horse of lameness caused by a spavin. Last season my horse became very lame and I turned him out for a few weeks when he became better, but when I put him on the road he grew worse, when I discovered that a ringbone was forming, I procured a bottle of Kendall's Spavin Cure and with less than a bottle cured him so that he is not lame, neither can the bunch be found. Respectfully yours, P. N. GRANGER.

Perseverance Will Tell.

STROUGHTON, MASS., March 16, 1880. B. J. KENDALL & Co., Gents:—In justice to you and myself, I think I ought to let you know that I have removed two bone spavins with Kendall's Spavin Cure, one very large one, don't know how long the spavin had been there. I have owned the horse eight months. It took me four months to take the large one off and two for the small one. I have used ten bottles. The horse is entirely well, not at all stiff, and no bunch to be seen or felt. This is a wonderful medicine. It is a new thing here, but if it does for all what it has done for me it will be very great.

Respectfully yours, CHAS. E. PARKER. KENDALL'S SPAVIN CURE is sure in its effects, mild in its action as it does not blister, yet it is penetrating and powerful to reach a every deep seated pain or to remove any bony growth or other enlargement, such as spavins, splints, curbs, callous, sprains, swellings, any lameness and all enlargements of the joints or limbs, or rheumatism in man and for any purpose for which a liniment is used for man or beast. It is now known to be the best liniment for man ever used, acting mild and yet certain in its effects.

Send address for illustrated Circular which we think gives positive proof of its virtues. No remedy has ever met with such unqualified success to our knowledge, for beast as well as man. Price \$1. per bottle, or six bottles for \$5. ALL DRUGGISTS have it or can get it for you or it will be sent to any address on receipt of price by the proprietors. DR. B. J. KENDALL & CO.
